HEBBERT

Charolais Ranch

Selling 120 Bulls

Annual Bull Sale
2nd Saturday in April

Benefit from the Charolais Crossbreeding Advantage:

High Performance - Increased Feed Efficiency - The added bonus of heterosis

-Sale Bulls-

All bulls are spring born and weaned in early fall. Their pedigrees carry a heavy influence of American International Charolais Association Trait Leading Sires that excel in individual and combined traits - calving ease, birth, weaning and yearling weights and carcass merit. All sale bulls have been performance tested as one group, subject to identical environmental conditions.

-Our Cow Herd-

Functional cows are the backbone of our operation. We cull our cows rigorously, keeping only the best. Every cow in our herd carries one brand. They have all been bred, born and raised on the Hebbert Ranch. This has enabled us to stack generations of pedigrees with genetics selected for calving ease, disposition, total performance and structural soundness.

Over the past eight years, Hebbert Charolais is the #2 breeder in the nation for the number of raised Dams achieving the AICA Dam of Distinction designation.

FRED RANCH

NEBRASKA PIONEER HERD SINCE 1957

A Seed Stock Producer raising Sustainable Beef in the Sandhills of Nebraska.

Fred Ranch has used the opportunity to sell their meat through an USDA inspected privately owned butcher plant. Quality lean beef, fine marbling- gives way to taste and tenderness with not excessive fat.

Our program has been long time noted for calving ease, quality & growth, and great disposition!

LT Affinity 6221

Looking forward to all that 2022 has to offer and grateful for another year to do what we love.

AM I FULL OF CRAP?

Calf scours are not inevitable. A strong prevention program is non-negotiable. Dependable scour prevention is essential for calf welfare, employee morale and business profitability. The immune system's response to vaccination is variable and unpredictable. That's why giving preformed antibodies instead of relying on a vaccine to stimulate antibody production is so important. I'm all for removing uncertainties. So yes, I stand by this product. (And no, I'm not.)

Marissa Hake, DVM

Why Not

Use a Registered Charolais Bull?

If your goal, as a beef producer, is to market a calf with wide market acceptance, why not use a registered Charolais bull? In a recent analysis of seven years of extensive Superior Livestock video auction marketing data including more than two million head of cattle, Charolais-sired steer calves outsold all other English-Continental breed cross steers by \$3.73 per hundred weight.¹

Use genetic verification through CharAdvantage to earn more premiums.

Why?

- Market demand ■ Predictability
- Increased weaning & yearling weights
- Easy calving ■ More live calves
- Adaptability
- Value of Charolais-cross females

Time Tested Genetics

Pay Dividends

Over 40 years of selection for heavy muscle, depth of body, good movement and carcass performance mean that SCR genetics pay dividends for both commercial and purebred producers.

HINRICHS FARMS

Family owned and operated. We work hard and have a passion for raising Charolais cattle that will work for you! For many years we have been striving to produce sound, functional, practical, easy- doing, real-world cattle that thrive.

Our bulls are tested and ready to go out and perform from the moment we deliver them to your pasture. Calving ease and high performing! Out of well-known AI sires and our very best cows. First breeding season guarantee!

Top Outstanding Genetics and Performance = Premium Carcass

If you've been looking for your next outcross to build your herd, whether it be with exceptional females or your next great herd sire, look no further. Sonderup Charolais Ranch has been producing high quality, efficient cattle for 53 years. Our females have outstanding milk and great disposition. Our bulls are fundamentally sound and loaded with meat. We are sure to have what you are looking for, so give us a call or stop by the Ranch.

For semen or information, contact Mark or Ryan.

Reasons SCR Averages 85% or higher to repeat customers for 29+ years —

- We do not creep feed our calves before we take weaning weights.
- We weigh all of our cows each year the same day we take weaning weights.
- We only feed our bull calves a 51 megacal ration for a 3.15 lb/day gain. *Our customers want 'Meat' not 'Fat.'*
- We halter break all animals kept or sold for breeding.
- We have been ultrasounding our herd for 36 years and DNA testing for 16 years.
- In 2009, Pfizer Animal Genetics recognized us as raising one of the Top 4 Charolais Bulls in all of North America — **In The Top 1% of All Breeds!**

Private Treaty Sales:

13th Annual "Choice of 200" Female Sale • Begins January 10, 2022
